A person with dark hair tied back, wearing a black jacket, is seen from the side, holding a smartphone. They are standing at a trade show booth. In the background, there is a yellow wall with a large white logo that looks like 'f20w' and some text below it. There are also some products on display, including a box of 'f20w' and a small screen showing a website. The scene is brightly lit, typical of a trade show.
